2012 Workshops

January 13	Vancouver	February 6	Kelowna
January 20	Prince George	February 13	Terrace
January 27	Nanaimo		

We warmly invite First Nations community representatives to attend a **Local Education Agreements (LEA) Workshop**.

We will look at the best practices identified by BC First Nations representatives around LEAs and LEA development, and see new resources that FNESC has developed to support that important work.

The goal is to ensure that we are all working to create LEAs that ...

- result in increased student success;
- strengthen relationships;
- foster excellent communication; and
- enhance accountability.

The workshops are coordinated by the FNESC LEA Subcommittee and they are offered with support from the federal Education Partnerships Program.

The BC School Trustees Association has expressed support for these LEA Workshops.

Travel Subsidies

Economical travel and up to 2 nights hotel reimbursement are available for one representative per First Nations community (Band) to attend their nearest workshop to a max. of \$500. Priority will go to first applicants.
