

BLM 1 – *Lahal Tally Sheet*

<i>What is it?</i>	A tally sheet is a simple data collection form for observing how frequently something occurs.
<i>Who uses it?</i>	Researchers, statisticians
<i>Why use it?</i>	To easily and efficiently collect and organize data
<i>When to use it?</i>	To collect data on the frequency of certain events, such as a student’s guesses, in the game of Lahal.

How to use it for Lahal

1. Review the steps of the game.
2. Make a list of events and possible outcomes. Only information you intend to use should be included.
3. Decide on the number of events (guesses) you would like to observe.
4. Record your observation of every event (guess) by a check in the corresponding cell of the sheet each time that the event occurs.
5. Total the results at the end and use the data to create graphs such as circle graphs, line graphs, bar graphs, double bar graphs, and pictographs.

Events (guess results)
