

FIRST NATIONS EDUCATION AUTHORITY
RULES REGARDING COURSES REQUIRED TO GRADUATE FROM A PFN SCHOOL

BACKGROUND

- A. The First Nations Education Authority (FNEA) has authority to approve courses required for graduation at PFN Schools as set out in section 19(2) of the federal *First Nations Jurisdiction over Education in British Columbia Act* which states that FNEA shall, as provided by a Co-Management Agreement:

“(a) establish standards that are applicable to education provided by a participating First Nation on First Nation land for curriculum and examinations for courses necessary to meet graduation requirements;”

- B. First Nation Authorized Courses for grades 10, 11 and 12 must be approved in order to qualify as elective credits toward the BC Certificate of Graduation (Dogwood), BC Adult Graduation Diploma (Adult Dogwood) or the FNEA Graduation Certificate, and may need to be approved to qualify for a PFN Graduation Certificate;

- C. The BC Ministry of Education and Child Care *Board/Authority Authorized Courses and First Nation Authorized Courses Policy* sets out how students may earn elective credits toward graduation by successfully completing Board/Authority Authorized Courses (BAA Courses) and First Nation Authorized Courses (FNA Courses). The policy states:

“Students may earn elective credits toward graduation by successfully completing BAA or FNA Courses. There is no limit to the number of BAA or FNA Courses which may be used to satisfy the 28 credits of electives required for graduation. In some cases, at the Grade 11 level only, BAA or FNA Courses may be used to satisfy the Arts Education and/or Applied Design, Skills and Technologies (ADST) requirement towards graduation. Grade 12-level BAA Courses and FNA Courses may count towards the 16 Grade 12-level credits required for graduation.”

- D. In order for the Ministry of Education and Child Care to recognize FNA Courses for elective credit for the BC Certificate of Graduation (Dogwood) or BC Adult Graduation Diploma (Adult Dogwood), a form jointly developed by representatives of the Ministry and First Nations must be submitted to the Ministry by FNEA; and
- E. The purpose of these Rules is to set out the requirements for courses required for graduation from a PFN School, including the process for approving First Nation developed courses that will be required for graduation from a PFN School.
